On June 12, 2023, the Canadian Derivatives Clearing Corporation (“CDCC”) published a Notice to Members [076-23](#) with respect to amendments to the CDCC Rules to introduce cybersecurity requirements.

These amendments were intended to establish cybersecurity requirements and allow CDCC to monitor Clearing Members' compliance in this regard.

The amendments referred to in that Request for Comments and which have not been self-certified yet are currently subject to a new review by CDCC. New Requests for Comments will be published in due course.
